**PRODUCT ORDERING GUIDELINES**

A doctor's prescription is not necessary to purchase NDSS products.

- Access to subsidised insulin pump consumables is dependent on meeting the Commonwealth's criteria and completion/submission of the NDSS Assessment form – orders will not be accepted unless this condition is met.
- Diabetes Australia regrets that it is not permitted to exchange NDSS goods incorrectly ordered by the registrant.
- Please note that some products have a use by date so, to avoid unnecessary wastage, take care not to over-order these items.
- The maximum number of product that can be supplied in any 180day period is 90 cannulae/needles and 90 reservoir/ cartridges – if you believe that you will exceed this limit, please contact the NDSS

**Under the conditions of the Commonwealth Head Agreement, Diabetes Australia (DA) cannot dispatch goods unless you have provided all the necessary information and made the required payment.**
