Please note:

Due to the limited shelf life of CGM products and to avoid unnecessary wastage, take care not to over order these items. There are limits on how many CGM products that can be accessed in one order, and annual limits on access.

To find your nearest Access Point, please phone **1800 637 700** or visit **ndss.com.au**

If you need further information, please contact the NDSS Helpline on 1800 637 700.

Privacy

Diabetes Australia is governed by the Privacy Act 1988, which sets out how we handle your personal and sensitive information.

A copy of our current Privacy Policy is available at ndss.com.au or by contacting 1800 637 700.

					Total Amount Payable: \$			

Access to Continuous glucose monitoring (CGM) through the NDSS:

Subsidised access to CGM products is open to:

- · People with type 1 diabetes and;
- Children and young people with conditions very similar to type 1 diabetes who require insulin.

To gain access to subsidised CGM, the individual will need to be assessed by an authorised health professional to determine if they meet specific eligibility criteria.

The eligibility categories and criteria are listed on the CGM Eligibility Assessment form, available at www.ndss.com.au/cgm

A CGM Access form cannot be accepted by an Access Point. It must be submitted as per the instructions on the form.

CGM sensors and transmitters can be ordered through NDSS Access Points.

CGM sensors are available in boxes of one, three or five, depending on the model.

CGM transmitters are supplied individually, and will operate for three months or 12 months, depending on the model.

Copayments for all CGM products are equivalent, and the individual differences reflect the different sensor lifespan and pack size for individual products.

For more support and information on NDSS products, please call the NDSS Helpline on 1800 637 700.
